EDITORIAL.

AT various times during the past year or so we have heard clamour for a Kenyon Museum, a trophy room. For some reason or reasons, all such agitation has resulted in no apparent material return. It is

A probably due to student inactivity that nothing has accrued along these lines. It is getting to be an old story; but it demonstrated at every turn that the Kenyon undergraduate is too dilatory. Legislation of various nature is proposed and that is the end of it. A debate is entered into with all apparent zeal and spirit; but the competition is limited to a very few. This spirit of inertness is one that presents the ever present danger of retrogression. It is an evil that must be overcome, ere it stay the march of progress.

To return to the consideration of a trophy room. It is probable that a large majority

believe that such an addition would be of advantage. At least no discussion to the contrary has been heard. What opinion has been voiced is favorable to such a movement. That Kenyon should have a good and sufficient place to store the emblems of athletic victory and other interesting memorabilia is, we hold, a fact beyond dispute. Members of the faculty interested have offered their support. All that is needed is some evidence on part of the student body that a movement tending to the realization of such an object will receive the support of the undergraduates. It is to be hoped that enough interest may be aroused to bring about tangible developments in the near future.

UNDER the title of "A Needed Improvement" there appeared in the COLLEGIAN last spring an article showing the need of a new assembly room. It was pointed out that Kenyon was lacking in a room of the requisite requirements, in which meetings of the student body could be convened. The need of such for small literary productions, for lectures and for the various meetings of such nature was clearly demonstrated. This year has seen no improvement. Rosse Hall still remains in all its vast emptiness and Philo and Nu Pi Kappa Halls still present their barren walls. Either Rosse Hall is too large or one of the other halls too small and none possess the attributes that tend to make attendance at any meeting the pleasure that more auspicious surrounding would.

A Needed Improvement.

Kenyon College is noted for the tone of its surroundings. Situated in a spot most favorable to collegiate activity and enhanced by the wealthy beauty of nature, Kenyon has commanded an unlimited reputation for the fitness of its location. Nearly everything is in harmony. Yet we lack one thing that would bring results of great benefit and that is a comfortable, cheerful and sufficient assembly room. Some effort should be made to render one of the existing halls more inhabitable and more appropriate to the remainder of our equipment.

A HOME TALENT CONCERT.

Under the auspices of the Citizens' Lecture Course Association the local talent of Gambier and the Kenyon College Glee Club, directed by Dr. Leslie H. Ingham, gave an excellent concert in Rosse Hall, on the evening of April 10, 1907. The proceeds of the concert went to provide a sinking fund for the Association of next year, and judging from the size of the audience a good start was made.

Scarcely too much credit can be given to Dr. Ingham for the success of the concert. It was by far the greatest musical enterprise that has ever been undertaken in Gambier and the manner in which the several difficult choruses were rendered showed the result of thorough and intelligent training. Besides the selections rendered by the mixed chorus of one hundred voices, the program contained several numbers especially good. The solos, sung by Miss Condit, soprano, Mr. Marsh, baritone, and Mr. Cahall, tenor, were excellent, and a trombone solo by Mr. Childs, also a cornet solo by Mr. R. A. Gorsuch, pleased the audience to the fullest extent. The following program was rendered:

"Oh! Italia, Italia Beloved".....Donizetti
THE CHORUS AND ORCHESTRA.

Trombone Solo—"The Message".....E. Brooks
MR. CHILDS.

"Forget-me-nots".....H. Engelmann
THE ORCHESTRA.

"The Goblins 'll Git You, If You Don't
Watch Out".....J. A. Parks
THE KENYON COLLEGE GLEE CLUB.

(a) "Oh! Dry Those Tears".....Teresa-del Riego
(b) "April Rain".....R. Huntington Woodman
Soprano Solo—MISS STELLA FISH.

"Song of the Vikings".....Eaton Faning
THE CHORUS AND ORCHESTRA.

Overture—"Lady Teazle".....A. B. Sloan
THE ORCHESTRA.

Baritone Solo—"Ferrara".....
MR. MARSH.

"Estudiantina".....P. Lacoma
THE CHORUS AND ORCHESTRA.

Tenor Solo—"Come Where the Lindens
Bloom".....Dudley Buck
MR. CAHALL.

Cornet Solo—"In Old Madrid".....H. Trotter
MR. GORSUCH.

"My Country, 'Tis of Thee".....
THE CHORUS, ORCHESTRA AND AUDIENCE.

"THE LITTLE YANKEE COLLEGES."

The following poem read by Burges Johnson at the New York Amherst Alumni dinner, has caused widespread comment. We reprint it from the columns of the Springfield Republican:

Since the world was first created there has been
some wear and tear,
And little wheels have slipped their cogs, or
rusted here and there,
So God he built the Yankee, lank and odd to
look upon,
But fit to do the little things that needed to be
done.

The Yankee did his duty, but he noticed now
and then

The wages that were offered by the devil unto
men.

So, lest his children's children be lured and led
astray,

Said he, "I'll build them temples that will flout
the devil's pay.

"I'll carve my high commission into tablets
made of stone,—

Let the spirit be the Master's and the workman-
ship, my own."

Firm of will, the Yankee builder did this work
and went before,

And the little Yankee college acts as his executor.

The little Yankee college, it is shadowed now
and then

By mightier machinery for educating men,
But we seem to hear that builder's ghostly
whisper,—"I opine

The little mills grind fewer grains, but grind 'em
extra fine."

The little Yankee colleges, God bless them, heart
and soul,—

Each little lump of leaven that leaveneth the
whole,

What need of mighty numbers, if they fashion,
one by one,

The men who do the little things a-needing to
be done.

PRIZES FOR ECONOMIC ESSAYS—FOURTH YEAR.

In order to arouse an interest in the study of topics relating to commerce and industry, and to stimulate an examination of the value of college training for business men, a committee composed of Professor J. Laurence Laughlin, University of Chicago, Chairman; Professor J. B. Clark, Columbia University; Professor Henry C. Adams, University of Michigan; Horace White, Esquire, New York City; and Hon. Carroll D. Wright, Clark College, have been enabled, through the generosity of Messrs. Hart, Schaffner and Marx, of Chicago, to offer again in 1908 four prizes for the best studies on any one of the following subjects:

1. An Examination into the Economic Causes of Large Fortunes in this Country.
2. The History of One Selected Railway System in the United States.
3. The Untouched Agricultural Resources of North America.
4. Resumption of Specie Payments in 1879.
5. Industrial Combinations and the Financial Collapse of 1903.
6. The Case against Socialism.*
7. Causes of the Rise of Prices since 1898.
8. Should Inequalities of Wealth Be Regulated by a Progressive Income Tax?
9. The Effect of the Industrial Awakening of Asia upon the Economic Development of the West.
10. The Causes of the Recent Rise in the Price of Silver.
11. The Relation of an Elastic Bank Currency to Bank Credits in an Emergency.
12. A Just and Practicable Method of Taxing Railway Property.

A First Prize of One Thousand Dollars, and a Second Prize of Five Hundred Dollars, in Cash are offered for the best studies presented by Class A, composed exclusively of all persons

who have received the bachelor's degree from an American College in 1896, or thereafter; and

A First Prize of Three Hundred Dollars, and a Second Prize of One Hundred and Fifty Dollars, in Cash, are offered for the best studies presented by Class B, composed of persons who, at the time the papers are sent in, are undergraduates of any American college. No one in Class A may compete in Class B; but any one in Class B may compete in Class A. The Committee reserves to itself the right to award the two prizes of \$1,000 and \$500 to undergraduates, if the merits of the papers demand it.

The ownership of the copyright of successful studies will vest in the donors, and it is expected that, without precluding the use of these papers, as theses for higher degrees, they will cause them to be issued in some permanent form.

Competitors are advised that the studies should be thorough, expressed in good English, and although not limited as to length, they should not be needlessly expanded. They should be inscribed with an assumed name and whether in Class A, or Class B, the year when the bachelor's degree was, or is likely to be received, and accompanied by a sealed envelope giving the real name and address of the competitor, and the institution which conferred the degree, or in which he is studying. The papers should be sent on or before June 1, 1908, to

J. LAURENCE LAUGHLIN, ESQ.,
University of Chicago,

Box 145, Faculty Exchange. Chicago, Illinois.

SOPHOMORE ACTIVITIES.

On April 10th the Class of 1909 voted against giving the annual Sophomore Hop on account of the existing conditions here in Gambier. The lack of a sufficient number of girls would in itself be a great difficulty to overcome, and while it would be possible to "import" them, it was thought that in view of the close proximity of Senior week many fellows would not do so.

The class has, however, decided to present the "Brixton Burglary" at an early date, and as the class possesses some very good talent it is expected the play will be a great success.

*Other phases of Socialism were suggested in previous years.

LIBRARY NOTES.

The first volume of a fine work on international law by T. A. Walker has been acquired by the library.

A book has just been bought, one of the best of its kind, entitled "Gothic Architecture in England" by Francis Bond. It is an analysis of the origin and development of English Church architecture from the Norman Conquest to the dissolution of the monasteries. The work is in one volume, containing over a thousand handsome illustrations.

An English translation of "The Frogs of Aristophanes" has been purchased.

"The Storming of Stony Point" by Henry P. Johnston, is on the shelves.

The library acknowledges the gift of a copy of "Sir Mortimer" a novel by Mary Johnston.

"From Critters to People" by Ernest Poole, in the "Saturday Evening Post" of April 13, relates the experiences and sensations from the point of view of an observer of New York City. A farmer comes from the backwoods of Maine to New York. The different kinds of people he meets, the absorbing desire for money and women which he finds among the bums of the city is extremely realistic. The writer is true to life and portrays well the existing conditions in New York City.

An interesting editorial is found in the April "Outlook," "The Future Life." It considers the misconception of the future life. That the wording of the New Testament is taken too literally, and the popular inferences concerning heaven resemble the oriental pictures portrayed in the Bible. In the same number there is an article entitled, "Modern Mexico," by Count Maurice De Pengery. It shows how Mexico seems to a Frenchman, and how little is known of Mexico, even by her neighbor, the United States. The article graphically describes Mexico, its industries, opportunities, etc.

The "Outlook" for April 6, contains a sketch of the "Idaho Murder Trial" by Luke Grant. It is concerning the trial of the murderers of the former Governor of Idaho, which occurred more than a year ago. A bomb was placed at the gate of the Governor's house so that it would be

exploded by the opening of the gate. The methods, although somewhat questionable, which were employed by the officers of the law in capturing the real murderers are interesting. The President and other leaders of Western Federation of Miners are indicted.

There is a concise and brief statement of the late panic in Wall Street to be found in the "Literary Digest" of March 30, "A Two-Billion Dollar Panic." This panic has caused a great distribution of wealth, strangely, without effecting the material prosperity of the country.

In the "Digest" for April 6, under Foreign Comment, "Crossing the Baltic" concerns a recent act of the German Empire towards the assumption of power over the Baltic region, made possible by Russia's helpless condition.

- BASEBALL. -

The baseball season opened shortly before the Easter recess with a light batting practice at which time seven of last year's team reported for work. The battery this year will, in all probability remain practically the same as that of last, Crosby and Gilder pitching and Cunningham behind the bat. Capt. Luthy is back at first, Furnell at third, while Jones and Eddy are again in the outfield. Among the candidates this year is much promising material.

Special attention will be directed to developing the batting. In the past few years we have been rather weak in this line, the men relying almost solely upon the effectiveness of our own pitchers. Our first game with Otterbein is on April 20 and Dr. Dunlap who is now coaching the team, promises to have the nine in excellent shape by that time.

The following baseball schedule has been prepared by Manager Southworth:

April 20—Otterbein at Westerville.
 April 27—O. W. U. at Gambier.
 May 3—Baldwin University at Berea.
 May 4—Case at Cleveland.
 May 11—O. W. U. at Delaware.
 May 15—O. S. U. at Gambier.
 May 11 and 18—Ohio University at Athens.
 May 25—W. R. U. at Gambier.
 May 30—Otterbein at Westerville.
 May 31—Denison at Granville.
 June 1—O. S. U. at Columbus.
 June 6—Denison at Gambier.
 June 8—O. W. U. at Gambier.
 June 11—Wooster at Wooster.

COLLEGE NEWS.

During the last few weeks, Miss Merlin, the new principal of Harcourt, has been spending a large part of her time in Gambier making her faculty and housekeeping arrangements for next year.

It will be of interest to the college to know that Harcourt will be open for the entertainment of visitors during Commencement week. Mrs. Uhly will have charge.

At a recent meeting of the officers of the Harcourt Alumnae Association it was decided to have a Harcourt reunion on the Thursday and Friday before Commencement week. Miss Beel of Toledo, and Misses Condit and Fish of Gambier, were present at the meeting.

During a recent trip to Columbus, President Peirce visited North, Central and South High Schools. At Central he saw two old Kenyon men, Mr. Townsend, '79, the principal, and Mr. Hann, '06. At South High he met Mr. Metzger. During the next few weeks President Peirce will visit the schools in Sandusky and Toledo.

Two Kenyon alumni dinners have been planned for the near future. One will be given at Chicago by the alumni association at that place on May 1, and the other by the Kenyon Alumni of Pittsburg in Pittsburg on May 9th.

In the article by Dr. Ray appearing in the issue of March Fifteenth, the following correction is deserved: "Messenger was a solid man and a solemn man. He was an *Integer vitae scelerisque purus*," instead of "*Interger vitas*."

G. H. Dunn, '63, is on the Hill recuperating from a recent illness.

Carl Ganter, '99, Howard Wright, '02, and A. H. Daly, ex-'08, have recently visited in Gambier.

The Rev. Holmes Whitmore, a Harvard and Episcopal Theological Seminary graduate, now rector of Christ Church, Dayton, will preach the baccalaureate sermon at Commencement.

The 1907 "Reveille" has gone to press. This early start presages success. The outlook for a book of superior quality is the best and the

Kenyon world may expect a fine, artistic and very readable book. We urge both undergraduates and alumni to support the effort.

Active preparation for "Trial by Jury" is under way. From all accounts this production will be one of the features of the year.

A list of student statistics is in a state of preparation. When completed this list will be published in the COLLEGIAN and will give interesting information concerning the personnel of the undergraduate body.

C. C. Philips, ex-'05, well known in Gambier due to the fact that two "Reveilles" were illustrated by him, is represented in the issue of "Life" for April 11, by a full page drawing of keen point and excellent execution.

ASSEMBLY MEETING.

A regular meeting of the Assembly was held on April 8. No business of any great importance was transacted. Secretary Brooke of the Executive Committee reported for that body. White, '07, was appointed a committee of one to confer with the faculty in regard to buying new books for the library. Platt, '08, presented an amendment to the Constitution of the Assembly to the effect that all K's be awarded on the percentage basis. The amendment will be considered and voted upon at the next regular meeting. Dun, '09, was elected to the Executive Committee to fill the vacancy caused by the resignation of H. Cameron Forster.

EXECUTIVE COMMITTEE.

Meetings of the Executive Committee were held upon April 4 and 11. Manager Southworth was allowed contracts for the base ball team for games with O. W. U. at Gambier, Baldwin University at Berea, Case at Cleveland, O. S. U. at Columbus, and Denison at Gambier.

Manager Judd of the track team, was authorized to arrange meets with O. W. U. and was allowed \$4.75 for discus and hammer.

Manager Sykes presented contracts for football games for the season of 1907.

INTERESTING TO KENYON MEN.

TO THE KENYON COLLEGIAN:

It will interest Kenyon men to know that at the very successful Arbitration and Peace Congress just held in New York under the Chairmanship of Mr. Andrew Carnegie, one of Kenyon's most recent benefactors, the only hymn used, the words of which were printed on the program, was written by the Rev. Daniel C. Roberts, D. D., Kenyon, '61, set to music written by the late George William Warren, Mus. D., one of America's most distinguished composers and organists.

On this occasion the hymn was magnificently rendered by the Oratorio Society of New York, with a full orchestra, all under the leadership of Mr. Walter Damrosch, as Musical Director. The patriotic spirit of the hymn and the beautiful music to which it was set seemed to deeply impress and moved the audience to a high state of enthusiasm.

The hymn, as it appeared in the program, is as follows:

4. Hymn (The audience is requested to join in singing.)

God of our fathers, Whose almighty hand
Leads forth in beauty all the starry band
Of shining worlds in splendor through the skies,
Our grateful songs before Thy throne arise.

Thy love divine hath led us in the past,
In this free land our lot by Thee is cast;
Be Thou our ruler, guardian, guide and stay,
Thy word our law, Thy paths our chosen way.

From war's alarms, from deadly pestilence,
Be Thy strong arm our ever sure defence;
Thy true religion in our hearts increase,
Thy bounteous goodness nourish us in peace.

Refresh Thy people on their toilsome way,
Lead us from night to never ending day;
Fill all our lives with love and grace divine,
And glory, laud and praise be ever Thine.

Amen.

(Words by D. C. Roberts. Music by G. W. Warren.)

The history of the hymn is as follows:

It was written by Dr. Roberts for the National Centennial Fourth of July Celebration held in 1876, where it was used most effectively.

It was also chosen by the Committee in charge of the music for the one hundredth anniversary of the Adoption of the Constitution of the United States, and Dr. Warren wrote the music for that occasion, when it was rendered by a large choir and full orchestra and the martial effect was splendidly brought out by the trumpet interludes.

This hymn, by the special permission of Dr. Roberts, has been placed in the new Congregational Hymnal and also in the new Hymnal of the Methodist Protestant Episcopal Church. It also has a place in the new collection of University hymns for use in Battell Chapel at Yale University, compiled by Prof. Horatio Parker, Mus. D. Cantab, the Dean of the Department of Music at Yale. In the Yale collection Dr. Roberts' words are set to a very inspiring tune called "Pro Patria" written for it by Prof. Parker.

The use of this hymn that probably gave the greatest satisfaction to its author was at the celebration of the bi-centenary of old Trinity Church in New York City. The fact of its being selected as the only hymn the text of which was printed upon the program of the National Arbitration and Peace Congress, and its use upon the important occasions above referred to, gives this patriotic poem a distinction which is almost if not quite unique and it is not likely that it will be often omitted hereafter from the program of important public and patriotic occasions, and especially those of National or International interest.

Those of us who remember Dr. Roberts, the author of this hymn, as the all around good fellow he was when an undergraduate at Kenyon and those who trudged away from Gambier with him to join the Volunteer forces during the Civil War period, will all greatly rejoice with their old friend in this well deserved literary distinction coming to him through the National recognition of his splendid and patriotic hymn.

JOHN J. MCCOKE, '66.

A UNIVERSITY CHURCH FOR STUDENTS IN JAPAN.

The following reprint from a leaflet being distributed by the Domestic and Foreign Missionary Society of the Protestant Episcopal Church, presents the reason for an effort which is being made to reduce student immorality in Japan. There can be no doubt that the cause is a worthy one and that the field is one for wide-spread activity.

"The Imperial University of Japan, and a number of other educational institutions, are situated in Hongo—one of the numerous districts into which Tokyo is divided. The population of Hongo is 75,000 and of these people about 7,000 are students.

These students enjoy great educational advantages, and yet are subjected to influences that are often morally degrading. They lack the stimulus to noble living which comes to American students from strong churches, a healthy literature and the open homes of Christian people.

In a few years these students will be the leaders of thought in the Empire, and they will exercise a controlling influence upon popular opinion and governmental action. The power of the old religions of Japan is waning. These young men do not recognize religion as exercising an appreciable influence upon their lives. They feel an admiration and respect for the civilization of the Anglo-Saxon nations. They are eager to learn what America has to teach. Shall we tell them that Christianity is among the forces which have made us what we are—or shall we help them develop a godless civilization.

Our Church has definitely accepted the former alternative, and is making an intelligent and successful effort to bring the representative students in the Hongo district under Christian influences.

"When you go to America, you must ask for a Church for the students in Hongo." This was the farewell message from the Rev. J. S. Motoda, to the Rev. J. Armistead Welbourn when the latter left Tokyo recently for his furlough in this country. Dr. Motoda is one of the leading clergymen in the Japanese Church, and widely interested in education, so he speaks on

behalf of his own countrymen as one who has an intimate knowledge of their needs. To build a suitable church in response to this appeal will cost \$10,000. Who will give the money?

When this question was put by Mr. Welbourn to an alumnus of the University of Pennsylvania the latter replied, without hesitation: "The money must be given by Church students in the schools and universities of the United States. There is a wealth of college zeal which a college man, whether undergraduate or alumnus, now lavishes upon athletics and upon the up-building of his own institutions. Some of this should be directed unselfishly to the aid of his fellow students in the Orient."

This suggestion has met the approval of the Bishop of Tokyo, of the Board of Missions, and of representative men connected with some of the American universities and schools. Committees of students and alumni are being formed at several of these institutions to bring the project of this University Church before their friends and associates. All the money raised by a University Committee will be credited to the University and gifts aggregating \$1,000, will entitle the donors to a special tablet associating the name of their university with some specific portion of the proposed building. The donors of smaller sums will be entitled to place the name of their alma mater upon a suitable memorial tablet in the church. These tablets, as well as the church building itself, will be tangible evidences to the Japanese that Christianity is not the religion of women and children only but of the men who are the hope of our nation.

When this appeal is read by a Churchman who is either a student or an alumnus of an American college or university, let him send his contribution to the committee representing his alma mater, or if no committee has been formed, let him forward his offering, suitably designated, to GEORGE C. THOMAS, Treasurer, 281 Fourth Avenue, New York City.

The undersigned have agreed to act as a general advisory committee to aid Mr. Welbourn in bringing this enterprise to the attention of American Churches.
